VOLUME CVIII.--NO. 56. ALEXANDRIA, VA., WEDNESDAY EVENING, MARCH 6, 1907. PRICE 2 CENTS.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learning this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair troubles, while dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.
Dr. Shoop's Restorative, the Constitutional.
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.
The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Southern's New Rules.

Mr. A. H. Plant, comptroller of the Southern Railway Company, announces that:

For the purpose of insuring promptness and justice to its patrons in respect to the handling of freights at local stations and the handling of loss, damage, and overcharge freight claims occurring on freights received or shipped by its patrons, Southern Railway Company has inaugurated and placed in service a corps of traveling freight claim agents, whose duty it will be to travel continuously the respective territories assigned to them, visiting at each station not only the local agent, but the company's patrons thereat with the following objects in view:

1. To secure the prompt handling and settlement of all fair and honest loss, damage, and overcharge freight claims against the company.

2. To give assurance of this to the patrons of the company by prompt, courteous, and efficient attention to their rights.

3. To prevent accumulations of freight claims and over and refused freights at stations and to reconcile as far and as promptly as possible all over freights with shortages.

4. To educate local agents to the highest degree of efficiency in treating with patrons in respect to their transactions with them both in respect to the handling of freights at their stations and the prompt payment or declination of freight claims.

The Duchess of Marlborough.

Consuelo, Duchess of Marlborough, is coming to live for an indefinite period in New York, according to advices received yesterday. She is expected about April 13.

When the Duke and Duchess of Marlborough subscribed to separation papers early in January it was suggested that she would come to America this summer, but there has been no definite word before. Mrs. O. H. P. Belmont, the duchess' mother, has been abroad all winter. Her father, William K. Vanderbilt, is also abroad.

How long she will remain in New York is a matter of conjecture. It is not stated whether her two boys will accompany her, or what other companions she will have.

Under the terms of the Marlborough separation it is a question whether the boys, the Marquis of Blandford, now in his tenth year, and Lord Ivor Spencer Churchill, who will be nine in October, could be with their mother in New York for any length of time. The agreement is understood to have been that they should divide the year between their parents, but that the duke would have full control of their education until they became of age, and that the duchess, although she could take her sons to the Continent during their holidays, agreed not to bring them to America for "any extended period" while they are minors.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium. Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure contained has had a warning printed on them against Opium and narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

To Prevent Wrecks.

The Corporation Commission has acted favorably upon a certificate of incorporation of the Automatic Train Protective and Signal Company.

Hon. Marshall McCormick and Dr. M. Griffith, of Berryville, and Mr. C. W. S. Turner, of Middleburg, are incorporators, and the principal offices of the company will be at Berryville.

The business to be conducted by the company is to deal in railway supplies and to equip railways with its automatic and complete system for protecting railway trains and tracks, which eliminates entirely human agencies in its operation. The system, it is claimed, protects against collisions, head-on and rear-end; accidents arising at crossings of railways, open switches, or damaged tracks, from side-wipes and stray cars, and from all preventable causes.

The inventor, Mr. Turner, president of the company, has, assisted by Mr. W. Talbot Sinclair, a talented young electrical engineer, set up in Washington an exhibit embodying the essential features of this system, which has attracted the favorable interest of a number of prominent railway officials, who are thoroughly familiar with railway signals.

Endorsed by the County.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by E. S. Leadbeater & Sons, druggists. Price 50c and $1. Trial bottle free.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

An old soldier writes about ARIOSA Coffee: "Your coffee is the best and richest coffee I ever drank since I left the service, from '61 until I received your coffee yesterday." A soldier knows coffee by the taste, and the way it makes him feel, and would sooner go without his bread than without his coffee. Arbuckles' ARIOSA was the first roasted, packaged coffee, packaged for protection of consumers, roasted and the pores of each berry sealed with a coating of fresh eggs and pure sugar, to hold the goodness in and make the coffee settle clear and quickly. Better than "fresh roast." Warming a little develops the flavor and makes the grinding easy. Our enormous coffee business, exceeding the next four largest firms in the world together, reduces our average cost per pound, and enables us to give you better coffee for your money than you can buy in any other way. There are more packages of ARIOSA sold in the United States than all the other Coffee packages combined.

British Navy the Cheapest.

In introducing the navy estimates in the House of Commons the parliamentary secretary of the admiralty, Mr. Robertson, said the admiralty was of the opinion that the two-power standard would be adequately maintained by the proposed programme for construction. During the past 10 years Great Britain had added 1,132,205 tons to her navy, while Russia, France and Germany together had added 1,108,280 tons.

The British navy is the cheapest in the world. It cost $445 per ton. That of France cost $620, Russia $465 and Germany $485. Two years hence Great Britain will have completed six new battleships, including three of the Dreadnought class, and three armored cruisers of the Invincible class, while neither France nor Germany would have a single ship of those types completed. The home fleet was a logical development of its concentration in home waters, and furnished additional security against the remote risk of invasion. The Channel fleet was stronger now than it was in 1905.

Alexandria Gazette AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAR 6, 1907.

SINCE IT was necessary to hold a session of Congress on Sunday the democrats of the Senate could not have better employed the time than in defeating the ship subsidy bill. The position of the democratic Senators on this subject has betrayed none of the vacillation witnessed in the republican majority of the House, most of whom sought only to obey the wishes of the chieftain at the other end of Pennsylvania Avenue. While the resort to parliamentary obstruction is to be regretted, it was the only means of defeating a measure which so clearly marks the boundary line between the interests of the masses of the people and the special privileges of a few favorites of legislation. In speaking of the defeat of the bill the Philadelphia Record says:

The steadfast stand of the democrats of the Senate (and the House) is in harmony with cherished democratic principles. The democrats in Congress have proved once more that when it comes to a struggle in behalf of the rights and welfare of the many and against the demands of special classes for privilege and monopoly at the hands of government there is a great party in this country under whose standard the people can rally with confidence. Those who grieve over the filibustering of the democrats of the Senate on Sunday are a great deal more sorry because of the loss of the subsidy spoil.

THE FIFTY NINTH CONGRESS added 50 per cent. to the salaries of members of future Congresses, and refused to give up the gratt of 20 cents a mile for traveling expenses, a rate fixed in the days of stage coaches, when $200 for a trip from Chicago, or $600 for a trip from San Francisco, would not have been excessive. It made a like addition to the salaries of the Vice President, the Speaker of the House and the members of the Cabinet, and it added a third to the salaries of foreign ministers who are now getting $7,500. It neglected to give citizenship to the Porto Ricans or to reduce the duties on imports from the Philippines. Of course, the tariff was not touched, although demands for it came from the northwest and the northeast in addition to those from the South, which demands, however, are seldom heeded. It is almost safe to say that the present high tariff rates will never be lowered by a republican Congress. From beginning to end, says the Philadelphia Record, the Congress showed a large measure of subserviency to the behests of the President.

A DISPATCH from Chicago says:

The annual strike of lathers took place Friday on schedule time, about 400 men going out. March 1, set aside by the lathers as a day on which to strike, is observed as religiously as is labor day. The fact that they have no differences with their employers never is allowed to interfere with the programme. This year the lathers had no new demands to make on their employers and the strike lasted but a few hours. After the employers made a call at the union headquarters, the friendship was cemented for another year.

This but shows to what a ridiculous extent strikes have been carried.

From Washington.

Washington, March 6.

Plans are being made by the administration which, if successfully carried to a conclusion, will reestablish a Cuban government by Jan. 1st., 1908, when it is hoped the United States may withdraw from the island. Municipal and provisional elections will probably be held in Cuba within a few months for the purpose of testing the new election law and discovering the exact temper of the people before trying a national election.

An official order consolidating the Asiatic, Philippine and Pacific fleets has been signed by Secretary of the Navy Metcalf. When Secretary Metcalf learned today that this fact had become known he showed much regret and endeavored to prevent the publication of this information. Rear-Admiral Brownson, who is now commander-in-chief of the Asiatic fleet, will be the first commander-in-chief of the consolidated fleets on the Pacific. Under his direction the consolidation will be made, but on April 20th.

Can the new Secretary of the Treasury prevent "financial news leaks?" Can he discover the line of communication that some interests declare extends from the United States Treasury to Wall street? Can he conduct his office in such a manner that the first public announcement of a determination of some vital question of financial policy will be made by himself before the action is accurately forecast by Wall street? These are some of the questions that are being asked regarding Secretary Cortelyou's administration. It is said that millions of dollars have been made by certain cliques in Wall street on information from the Treasury Department. Efforts have repeatedly been made to tap the "pipe line" but without success. Mr. Cortelyou intends to re-organize the administrative methods of the department.

The positive declaration was made by high authority in the administration today that Chief Engineer Stevens of the Panama Canal Commission was in no way forced out of office, but resigned of his own volition and in such terms that the President could not refuse to accept his resignation. There is no doubt but that Mr. Stevens, in his letter of resignation to the President, was intemperate in his language. Among other things he said he was tired of the criticisms which were being made in the United States of his conduct of affairs in Panama. He made some other statements relative to the canal project which the President could not overlook and so his resignation was regretfully accepted.

Charges have been filed with the Treasury Department to the effect that the Standard Oil has been buncoing this country in the Philippines. The amount involved is said to be $20,000. The agents of John D. Rockefeller, however, plead their innocence and appear anxious to try the matter out in the Philippine courts. The Standard is accused of evading duty on 20,000 cases of oil shipped from the United States to the Philippines during 1901, when a high tariff was in force against oil from this country to the island.

Archie Roosevelt, who has been suffering from diphtheria since last Friday, is reported today to be on the high road to recovery. An official from the District Health Department called at the White House this morning and placarded Archie's room with the warning sign: "Diphtheria within."

Camp Alger, in Alexandria county, where the troops were mobilized during the Spanish War, is to become a rifle range for the use of the Army, Navy and Marine Corps. President Roosevelt today gave his approval to the plan and said he would recommend the passage of a bill next winter for the appropriation needed to buy the land. The tract may be purchased for $150,000 and comprises 1,500 acres.

News of the Day.

Henschel & Block, members of the New York Consolidate Stock, and Petroleum Exchange today announced that they were unable to meet their contracts.

There was another violent break in the prices of stocks in the later session of yesterday's New York stock market and heavy liquidation was resumed all through the list.

State Senator Brown and Attorney General Bryan conferred in Baltimore, yesterday over the litigation pending between Maryland and Virginia regarding boundary lines.

The marriage of Dr. Nicholas Murray Butler, president of Columbia University, and Miss Kate Lamontague was solemnized yesterday at the home of the bride's sister, Mrs. Francis Key Pendleton, in Washington.

Frank A. Halsey, of Orange county, who fired a bullet into a plate-glass window of Stonestreet's saloon, Twelfth street and Pennsylvania avenue northwest, Washington, Monday night, appeared before Judge Kimball in the Police Court yesterday. Judge Kimball fined the prisoner $250 and sentenced him to 270 days in jail. Halsey will have to serve eighteen months in jail if he does not pay his fine.

That Thomas M. Patterson, of Colorado, left the Senate Monday to "practice law" was borne out today by the fact that he appeared before the United States Supreme Court to argue his own appeal from the charge of contempt of the Colorado Supreme Court, by which he was fined $1,000. Senator Patterson was charged with printing in his newspapers articles and cartoons derogatory of the Supreme Court of Colorado.

Mrs. Mary J. Tumbridge, the wife of Maj. William J. Tumbridge, son of Capt. William Tumbridge, proprietor of the Hotel St. George, in Brooklyn, was thrown out of an automobile and crushed to death yesterday afternoon by a trolley car on the Brooklyn Bridge. The trolley car was humming along not five feet to the rear of the automobile, and before it could be stopped the wheels passed over the womans body crushing her to death. The motorman of the car and the conductor were put under arrest. They said they were not to blame.

District Attorney Jerome and Justice Fitzgerald had a clash during the Thaw case in New York yesterday Justice Fitzgerald asked if the jury had been empanelled to try anything except the issue that the defendant was insane on the night he killed Stanford White. Mr. Jerome said he would not reply to a proposition so elemental. He also refused point blank to submit any authorities. "If you do not submit any authorities," said Justice Fitzgerald, "I will assume that you do not know of any." Justice Fitzgerald ended by sustaining an objection by the defense.

A Terrible Experience.

New York, March 6.—A thrilling story of a battle with raging flames on a freezing sea, was related by the exhausted crew of the German steamer Vandalia, which came into port today from China and Japanese ports. On February 25, while beating along in the teeth of a northwest gale, and when with her decks swept fore and aft so those of the crew who were on deck had to lash themselves fast, fire was discovered in the cargo of the forward held at 4 o'clock in the afternoon. Captain Franck piped all hands to quarters, the hatches were opened so the sea could wash into the hold and a number of lines of hose were stretched to the fire. In a couple of hours the hold was flooded, but the process had depressed the bow so that the stern of the Vandalia was out of the water and her screws fanning the air. It was necessary to stop the engines and for three days the ship was tossed about at the mercy of the gale. After three days the storm blew itself out, the bulkheads of the forward hold were pierced and the ship righted after two hundred chests of tea had been thrown overboard and $250,000 damage had been done to the ship and cargo. Not a man was lost.

Revolutionary Spirit.

The second Douma, or lower house of the Russian Parliament, seems likely to meet the fate of the first.

A great revolutionary demonstration in the Russian capital yesterday followed the opening of the session.

Cossacks attacked the threatening crowds and whipped the people. A member of the Douma was flayed.

Premier Stolypin, fearing assassination, remains in the Touride Palace, where parliament meets.

No member of the imperial family attended the opening excepting Grand Duke Nicholas Michaelovitch, who is regarded with distrust at court.

Large military forces guard the prison and palaces and cavalry patrol the streets.

Feodor Golovin, a constitutional democrat, was elected president of the Douma, as was stated yesterday.

Virginia News.

Miss Alice Robinson, a maiden lady, who lived near Upperville, died at her home Sunday night.

The Virginia Court of Appeals met in Richmond yesterday but no cases from this section were heard.

Louis Carpenter, one of the oldest farmers of Frederick county, died Monday night at Whitacre, after a short illness, aged 90 years.

E. G. Cautman, a retired farmer, died yesterday at his residence in Leesburg, aged 73 years, of heart disease. He was a native of Baltimore, and in his early life was a druggist.

George C. Washington, who has been manager at Snowden, the handsome Fredericksburg estate of Frank B. Quest, of New York, has resigned his position and gone to California.

At an early hour yesterday morning fire destroyed a dwelling-house on upper Main street, in Fredericksburg, the property of Mrs J. C. Wilson, of Washington. The house was occupied by A. L. Gregory, of Baltimore.

David H. Clark, a well-known farmer, died Monday night at his home at Whitacre, Frederick county, after a brief illness of pneumonia, aged sixty-two years. He is survived by four daughters, two sons, and several brothers and sisters.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: Thomas D. Comer, of Norton, locomotive headlight; Edwin C. Compher, of Leesburg, tilting gate; Edward D. Couch, of Scotts Crossroads, water elevating and delivering apparatus; Andrew L. Lewis, of Petersburg, sliding door; and George Thomas, of Endicott, milk-pail.

Daniel Bowers, the lunatic who created a scene in the Lutheran Church in Winchester Sunday morning, and who on Monday tried to asphyxiate himself by making a bonfire of his clothes in his cell at the jail, became violent again early yesterday morning and completely demolished the furniture and fixtures at police headquarters. The maniac created a panic among policemen, and threatened to kill Mayor Harry H. Baker, and had two desperate fights with the police. Disrobing to the skin, he declared he was the Saviour come to save young men from drinking whisky and smoking cigarettes. It took the combined efforts of the police and a number of citizens to subdue him and put him in a cell. Bound hand and foot, and under a strong guard, Bowers was taken to the train and sent to Chester county, Pa., his home. He will be confined in an asylum. His mind was unsettled by religious excitement.

Harriman Secures Control of Reading.

Philadelphia, March 6.—It can be stated upon the highest authority that Harriman has acquired the control of the Reading Railway. The New York Central holdings and those of the old Wasserman pool were formally taken over last night. The proceeds from the sale of the Union Pacific holdings of the Atchison were used to buy the Reading stock. These holdings, with those of the Baltimore and Ohio, give Harriman absolute control of the company. The only other large interest is that of the First National Bank party. The Frick holdings, it is understood, were absorbed by Mr. Harriman around the 124½ and 118.

Washington, D. C., March 6.—E. H. Harriman who is still in Washington "for recreation," declined this afternoon to confirm or deny the report from Philadelphia that he had acquired control of the Reading Railway. He will return to New York tomorrow.

For the past week Mr. Harriman has been in Washington flirting with the President and the Interstate Commerce Commission. Meanwhile there has been a significant liquidation of certain railroad stocks, notably those of the Hill lines. Harriman is getting most of the credit for it. Conservative estimates fix the depreciation in values during the last four months of Great Northern stocks at upward of $200,000,000, while Northern Pacific is said to have run a good second with a shrinkage of nearly $140,000,000.

State Militia.

The Virginia Military Institute corps of cadets, though their superintendent, General Scott Shipp, recently requested Governor Swanson to allow them to act at his escort on Virginia Day at the Jamestown Exposition, June 12th.

Governor Swanson has written to General Shipp to say that he will be very glad to have the cadets serve him.

Virginia Day will be one of the most important, and, probably, one of the most largely attended in the Jamestown Exposition calendar. All the State troops will be present in the greatest parade of State militia ever witnessed in Virginia.

"Open Verdict" Returned.

Chicago, March 6.—A lack of evidence against Mrs. Dora McDonald, with the possibility that the wound which caused Webster Guerin's death might have been self-inflicted, with the coroner's jury sitting on the case into a deadlock, at the end of which an "open" verdict was brought in. Despite the verdict the police are determined to hold the woman to await the action of the grand jury. Owing to Mrs. McDonald's condition the preliminary hearing before Municipal Judge Franke was today continued ten days.

Presidency of the Steel Corporation.

Pittsburg, Pennsylvania, March 6.—The retirement from the Presidency of the United States Steel Corporation of W. E. Corey, is reported here today. It is said that Mr. Corey will get out on June 1, and will be succeeded by A. C. Dinkey, now President of the Carnegie Steel Company. A. R. Hunt the present general superintendent of the Homestead Mills, will take Mr. Dinkey's place. Rumor persistently attaches the name of Mable Gillman as the incident leading up to Mr. Corey's retirement.

Strike Ended.

Bethlehem, Pa., March 6. — The strike declared yesterday by the trainmen of the Lehigh and New England Railroad came to an abrupt end today when the company decided to reinstate the brakemen who had been discharged. Today all traffic is running as usual. The strike was declared because General Manager Bailey discharged an extra brakeman on each train crew.

THE STROTHER'S TRIAL.

When Judge Harrison convened court in the Strother case in Culpeper yesterday the attorneys for the defense announced that one of the prisoners, Philip Strother, was suffering from a slight attack of grip, and upon advice of his physician, Dr. H. T. Chelf, he remained at his hotel. Dr. Chelf was called to the stand and after explaining the condition of the defendant, court adjourned until 2 o'clock, it having been determined that the prisoner would be able to appear by that time.

Owing to the fact that arguments were to begin, the courtroom was packed to the doors with spectators, and so dense did the crowd become that Judge Harrison ordered the doors to be locked.

A hule after 2 o'clock the prisoner, Philip Strother, entered with his brother and Dr. Chelf, who remained with him until court adjourned. The defendant showed his sickness plainly, and once during the argument he almost collapsed and was permitted to leave the building. About 15 minutes later he returned and sat in the reclining chair, which was provided for him.

Judge Harrison, upon convening court read the instructions, which he had prepared Monday night, to the jurymen, after which Mr. Keith arose and began his argument for the commonwealth. He gave some bold statements of facts, and directed most of his remarks at the "emotional insanity" plea, which he referred to as that kind of insanity which can only be cured by shedding human blood. He declared that there was no evidence to show that the Strother boys were insane and that, as they coolly and deliberately planned to keep Bywaters at Rotherwood, even though they had to kill him, and finally carried this plan into execution, they should be convicted of murder. He said: "You have got to believe beyond all reasonable doubt that the minds of James and Philip Strother were so impaired by what had happened that their reason was dethroned swept away, or else you must bring in a verdict of either murder or manslaughter."

An eloquent plea in behalf of the "unwritten law" as a justification for the crime committed by the Strother brothers was made by John L. Jeffries, the senior counsel for the defense. Mr Jeffries addressed the jury immediately after the conclusion of the argument of Mr Keith.

Mr. Jeffries practically based his argument upon the "unwritten law." Many had expected that the slap given this so-called "law" by Judge Harrison in open court a few days ago would cause the counsel for the defense to lay less stress upon this seemingly popular defense and dwell more particularly upon "emotional insanity."

Judging from the forcible appeal by the counsel for the Strothers, however, it appeared that the remarks of the presiding officer of the court created a greater determination in the minds of the attorneys for the Strothers to seek an acquittal of their clients by means of the "unwritten law."

As Mr. Jeffries pursued his argument it could be readily seen that, in depending upon the "unwritten law" for the acquittal of the Strothers, he did not for a moment allow the jury to lose sight of the fact that "emotional insanity" was one of the lines of defense upon which they rested their case, but at opportune times, to better bring one of his arguments closer home, he would resort to probable mental derangement of the Strothers. There was pathos in his words and, as he pictured the grief of the stricken family of the Strothers and the destruction of their home at Rotherwood, even some of the jurymen could hardly restrain their feelings.

Mr. Jeffries described the betrayal of Dinah, Jacob's daughter, by Schechem and Jacob slew not only the betrayer, but his entire household. The speaker took up a Bible and read the simple story, concluding "and God said unto Jacob, Arise and go up to Bethel: * * * and Jacob arose and went: * * * and they did not pursue after the sons of Jacob." The speaker declared that nowhere in the Bible was there an instance of God's punishing the man who protected his home.

While addressing the jury he referred to the home as the foundation-stone of any government, and the man who slew the destroyer of that home did a great act of duty to his country. At times the senior counsel for the defense also referred to the mental condition of the prisoner on the night of the murder, and stated with emphasis that the Strother boys were so enraged at the attempted desertion of their sister by Bywaters after he had ruined her that no power under heaven could have restrained them from committing murder. During his speech he said: "Should you find it in your hearts and minds to bring a verdict of guilty against James and Philip Strother, I want you to write in your verdict that they are convicted by a Virginia jury of criminally slaying the betrayer of their sister, their mother's youngest child." Court then adjourned until today when Mr. R. W. Moore spoke for the defence.

Culpeper, March 6.—Immediately after the opening of court today, Attorney R. Walton Moore began the second argument for the defense.

He characterized the dead Bywaters as "his derelict on the ocean of morality," and in defense of the Strothers he exclaimed: "Manhood stands here on its ancient heights. These boys shot and killed that man for the seduction of their sister. I trust to God you wont find that they have done wrong. You know our defense. It is not a novelty. It is a law-given and God-given right. These high spirited men spared Bywaters to save the honor of the Strother house and family. So help me God I wouldn't have spared him as long as they did. They thought of their father lying out in Masonic Cemetery, and their mother by his side. Do you think they could have deliberated on killing Bywaters with the memory of their parents fresh in their minds?

"I submit to the consciousness of the jury of Shennadoah Virginia gentlemen that the testimony of Drs. Clark and Drewry show that these men were in that responsible condition described in his honor's instructions. Both of them fired at the same time. The gentlemen on the other side say this is strange. But both have the same blood in their veins; the same fiber. Is it so strange? You know the literature of our land. You know the greatest drama of out language was about an insane man."

Attorney Moore related the story of Othello and Desdemona.

He compared Viola Strother wrapped in her snowy robes of purity and virtue to Desdemona and the brothers with Othello with his dethroned mind. Speaking of the effect of strain and stress on the human mind, he referred to the fact that during the French Revolution Marie Antonette's hair was turned white in an hour because of strain. He then took up the testimony of the exports and the brothers.

James and Philip Strother, wept while Mr. Moore pleaded and denounced the man they had slain as a "moral derelict" and praised as true men and Virginians, the brothers who had killed him.

Mr. Moore was followed by Mr. John Lee, who made a striking argument for the defense.

The case was then given to the jury and a verdict is expected before night.

Culpeper, Va., March 6.—James Strother today received from Speaker James A. Seaman, of the House of Delegates of West Virginia, a letter expressing his sympathy for Strother in the ordeal through which he is passing. The writer says: "I am more than proud to see that we still have men in Virginia who will risk life with all its endearments in protection and defence of the sanctity of our daughters, sisters, wives and mothers."

The Thaw Trial.

New York, March 6.—The parting of the ways for District Attorney Jerome's double barrelled attack on Harry Thaw has been about reached, Jerome has proceeded along both lines of his attack, one aim being apparently to prove Thaw sane when he killed Stanford White, opening the way to send him to the electric chair, the other line of attack intended to prove the defendant is still insane and a fit subject of treatment at Matteawan.

Jerome's cross examination of the defense's experts has developed so little that it is apparent he must very shortly drop one or the other of the theories he has been working on and develop full the one he will make his final plea to the jury on.

Jerome has not broken down the case of Thaw's insanity experts in any important particular. This has placed him in an embarrassing position. Just as the defense, some time ago, was forced to withhold part of its testimony until it had laid the basis for showing Thaw insane at the time of the shooting, so Jerome will probably be halted in his effort to prove Thaw insane now unless he lays a better basis for the admission of such evidence.

Jerome was flatly balked in trying to make the defense's experts furnish the basis for attacking Thaw's sanity at present. He questioned Dr. Wagner as to Thaw's condition at this time, but the doctor declared he could not tell anything about it.

It would not be surprising to followers of the trial if Jerome abandoned temporarily the effort to show present insanity, at least, until time for rebuttal, when he can put his own experts on the stand to lay the basis for such testimony.

Jerome is not expected to keep Dr Wagner on the stand very long today. His failure to damage the doctor's direct testimony has been so marked that the prosecutor is expected to consent to his leaving the stand without wasting much more time on him.

Then will come the turn of Mrs. William Thaw, for which she has waited so long. During the last two days she has sat in the witness room expecting at any moment to be called. No one imagined Jerome's cross-examination of Dr. Wagner would be so long, and Mrs. Thaw has suffered mentally while waiting for the ordeal. Today she was somewhat unnerved, but bravely faced the task, which she felt would come before night.

When court convened today Dr. Wagner again took the stand. The examination was concluded at 12:45 p. m.

Just before releasing the witness Jerome took an entirely new tack, making an effort to show that Thaw was intoxicated when he killed Stanford White.

Chief Counsel Hartridge, of the defense, announced that Mrs. Wm. Thaw, mother of the defendant, would in all probability take the stand immediately after the noon recess.

When court reconvened at 2 o'clock Mrs. William Thaw was called to the stand.

Mrs. Thaw broke down in relating how her son told of White and Evelyn in 1903.

Panicky Conditions.

New York, March 6—While there has been some slight let-up late today in the panicky conditions which prevailed all of yesterday, many of these watching the last few days play of the stock market insist that the end is not yet, and that the weakness manifest is even more ominous today. While opinion differs as to the reason for the vast shrinkage of values these since December are said to be more than $2,000,000,000 there a well-defined impression on the street this afternoon that when the bottom is reached E. H. Harriman and his associates will be found.

Lawyer Candidates.

To the Editor of the Alexandria Gazette.

If I understand correctly a correspondent in Saturday's Gazette, he says that the candidates for Congress in the Eighth Virginia district are all lawyers. John F Ryan, of Loudoun county, is not a lawyer, and does not belong to that procession. He is a farmer and a good one, too. Yours truly,

A. C. WYCKOFF.

Arrest of Suspected Murderer.

There is every reason to believe that the negro who shot and killed Charles T. Smith, son of Lieutenant Smith, on the night of the 20th of last October opposite the old fair grounds, on upper King street, is now in the custody of the authorities of Harrisburg, Pa. The negro is known as William Johnson, alias George Midgets, and he is also charged with committing a crime near Harrisburg.

Chief Goods recently received a letter from J B. Hutchinson, Chief of Police of Harrisburg, enclosing photographs of the prisoner, and asking the former if the pictures were those of the negro wanted in this city. They were shown to several persons who had seen Johnson in Alexandria last fall, and they all with one accord recognized the criminal. Later Chief Goods accompanied by Officer Beach proceeded to the city jail where Sarah Johnson, Johnson's wife, and Gertrude Robinson are confined under the vagrant act, and told the Johnson woman that her husband was in Pennsylvania and had since he fled from Alexandria married another woman. The chief showed the Johnson woman the picture of a strange negro and asked if that was her husband. She said that it was not. He then exhibited Johnson's pictures which she instantly recognized as those of her husband. The pictures were also recognized by Gertrude Robinson as those of Johnson.

Chief Goods has for some time been in communication with the Chief of Police of Harrisburg concerning Johnson's whereabouts, and had had sent circulars concerning the man wanted in this city, and upon Chief Good's description of the fugitive the arrest was made.

Mayor Paff, who has kept in close touch with all the plans which have been formulated for the capture of the negro, immediately after the receipt of the announcement of Johnson's capture had an interview with Commonwealth's Attorney Brent and a warrant was prepared and sent to Harrisburg. An application will be forthwith made to Governor Swanson for a requisition in order that Johnson can be brought to this city and Mayor Paff has deputized Officer Jefferson Beach to proceed to Harrisburg at the proper time and conduct the prisoner to Virginia.

The Chief of Police of Harrisburg last night called up Mayor Paff over the long distance telephone and informed his honor that the man now in jail at that place is undoubtedly the fugitive from Alexandria. The chief stated that he had picked up Johnson on Chief Goods's descriptions. He also informed Mayor Paff that the prisoner had refused to come to Virginia without a requisition, Johnson alleging that he would not have a fair trial. The negro denies that he shot Smith, and says on the night of the killing he carried a .44 calibre pistol, while the weapon used by the man who killed Smith was a .38. He further stated that he discharged his pistol into the ground during the scuffle and that Smith was shot by one of the parties who was pursuing him.

Mission at St. Mary's Church.

The questions asked of the priests who are preaching at St Mary's Church are a most interesting feature of the mission. Answers were given last night o questions about the uselessness and vanity of religious ceremonies, about the evolution of man, and about the rosary or prayer beads used by Catholics. For want of time two important questions were left over for tonight; one asking why Catholics are forbidden to join the Masons the other why priests are not allowed to marry. The lecture of the evening was a reply to the question, "How can we living so long after Christ know with certainty what He really taught, especially since there are so many contradictions among Christians as to what he meant?" The speaker said that not by private inspiration, nor private judgment, nor by private interpretation of Scripture can we arrive with certainty at a correct understanding of the religion of Christ. If you ask why not, I point to the results of such an attempt. Behold the conflicting sects and contradictory doctrines taught by them. The same rule holds good today that was the only and all-sufficient rule in Apostolic times: "Hear the church, authorized by Christ to teach His doctrine and guaranteed by him to teach it correctly till the end of the world."

The lecture tonight will be on the confession of sins to the priest; Thursday, purgatory or prayers for the dead; Friday, the real presence of Christ in the holy communion; Saturday, the veneration due to the Blessed Virgin Mary and the saints; Sunday, Why I am a Catholic.

Seats are free.

Death of Maj Fairfax.

Maj. Raymond Fairfax, who had been connected with the Norfolk and Western for more than forty years, died in Bristol last night, aged 77 years. Maj. Fairfax was a first lieutenant in the United States army at the outbreak of the civil war. He resigned and was chosen captain of Company I, O'Connell Guards, of this city, in 1861, and served throughout the war in the Confederate service. He was appointed Major of Engineers and at Fredericksburg, under orders of Gen. Lee, performed a daring and gallant act in cutting a dam which flooded a large tract of land in front of the Confederate lines. Many of his men were killed and his clothing was riddled with shot He was born and reared in Fairfax county and was well known in this city. After the war he moved to Lynchburg and later to Roanoke. A few years ago he was made station manager at the union depot in Bristol. Maj. Fairfax was a brother of the late Dr. Albert Fairfax, of this city.

Sunday School Entertainment.

At the recent social session held by the Council of Jewish Women at the temple on north Washington street, the scholars of the Sunday school entertained with a Purim play together with Bible recitations that were greatly enjoyed. At the conclusion of the entertainment a daintily prepared luncheon was served.

A Wild Night.

The uncertainties attending the month of March have been amply illustrated during the past 36 hours. Yesterday morning snow was falling, which, however, melted almost as soon as it struck the earth. Later fair weather and a mild temperature prevailed. The wind in the afternoon blew colder from the northwest, and by night the temperature had fallen considerably. Shortly before ten o'clock the heavens were clear, the stars display brilliant and there was every indication of a continuance of such conditions until morning, at least, but half an hour later a high wind set in, followed by rain, snow, hail, thunder and lightning. The electrical display, snow, hail and rain were short-lived, however, but the wind showed no signs of abatement, and roared throughout the night. The mercury this morning stood at 31°. The wind caused some damage in Washington, where plate glass windows were blown in. The storm, it is believed, spread over a wide area to the north and northeast of Alexandria, as flashes of lightning could be seen towards those points of the compass.

The wind has been high today, but it has caused no serious damage in this city. A few bricks have been blown from chimneys, small branches twisted from trees and some shingles from roofs of houses have been sent sailing through the streets.

The steamer Norfolk arrived up this morning about an hour late on account of the head winds and low water in the river.

U. D. C.

A very interesting meeting of Mary Custis Lee Chapter, U. D. C., was held in Lee Camp Hall, Confederate Veterans' building, yesterday afternoon, Miss Mary Lee Lloyd presiding. The annual reports were most satisfactory, showing all business affairs in good shape, the financial report being especially gratifying, the dues of the members being promptly paid, donations to various objects sent in due season and all taxes paid. The treasurer was instructed to pay the annual contribution of fifty dollars to the building fund. The following officers were elected: Mrs. Thomas Turner, president; Mrs. Dabney Herndon, vice president; Mrs. E H. O'Brien, recording secretary; Mrs J. R. Zimmerman, corresponding secretary, Miss E. E. Mehaffey, treasurer; Mrs. J. E. Alexander, registrar and historian.

The annual meeting of the Woman's Auxiliary to R E Lee Camp was held in Confederate Veterans' building, last night at 7:30 o'clock. The meeting was well attended. The reports for the year showed the auxiliary to be in a prosperous condition. The election of officers was held and the following elected to serve the ensuing year: President, Mrs. E. H. O'Brien; first vice president, Mrs. Geo. B. Carlin; second vice president, Miss Mary Smythe; treasurer, Mrs. J. E. Alexander; recording secretary, Mrs. T Wellington Rose; corresponding secretary, Mrs. Wm. F. Carne.

Kindergarten.

The monthly meeting of the Alexandria Free Kindergarten Association was held yesterday.

A vote of thanks was sent to the Ministering Children's League through their director Mrs. Oscar Carter, for the donation of a number of Froebel Mother Play Pictures, which will add greatly to the pleasure and interest of the children and also be an aid to the kindergartner in her talks.

The following contributions were received: Mrs. Richard Atkinson, Mrs. E. J. Evans, "a friend," Mrs. M. W. O'Brien, Rev. P. P. Phillips, Mr. and Mrs. Laurence Stabler and Mrs. Edward Stabler $1. each, and Mrs. Wm. Lloyd $2.

The public is most cordially invited to visit the kindergarten, corner of Wilkes and Fairfax streets, any morning between 9 and 12 o'clock.

Appointed Superintendent.

A. P. Cone, assistant superintendent of the Washington Division of the Southern Railway, has been appointed superintendent of the Richmond Division, to succeed Captain W T. West, deceased Mr. Cone's headquarters, which have been in Alexandria, will be removed to Richmond. It is not known who will succeed him in Alexandria. Mr. Cone was formerly a train dispatcher in Richmond. His efficiency led to his steady promotion.

This will be the first excursion of the season from this city to that popular resort, and from the interest manifested by the Alexandria Aerie it will be a decided success. They now have a membership of nearly 175 made up of representative men of our city, and in addition to being a fraternal organization it is also a beneficial one.

Mr. A. C. Slaymaker has at his dry goods store, No. 429 King street, a large assortment of embroideries and laces which he is disposing of at temptingly low prices. This is one of the oldest houses in the city and is always stocked with all goods in its line which are sold as low as the lowest.

Views of Antietam.

Capt. J. V. Davis, formerly superintendent of the national cemetery at this city, but now in charge of the cemetery at Antietam, has sent to this city a finely-illustrated book entitled "Views of Historic Antietam." The pictures are perfect and are executed in the highest style of the "art preservative of arts."

Basketball.

The two games of basketball to have been played in the Alexandria Athletic Association Hall tonight have been postponed by the Washington teams until tomorrow night, the first game to start at 8:30. Good games are promised all who attend. Ladies are cordially invited to attend.

Alexandria Hospital.

The 35th annual report of the treasurer, manager, superintendent and auxiliary societies of the Alexandria Hospital has been published in a neat little pamphlet which contains much information of interest to all concerned in this noble institution.

The treasurer's report shows receipts from all sources to be $7,882.37 and expenses $6.490 08, leaving a balance on hand of $892.34.

The superintendent, Mrs. Adamson, reports that the number of patients admitted and treated during the year was 418. She adds: In presenting this my thirteenth annual report I would like to call your attention to the increased number of patients admitted and treated during the year just ended. At the close of 1905 the annual report for that year showed 365 persons had been admitted and cared for during the twelve months. The medical staff and friends of the institution spoke of 1905 as "the banner year of The Alexandria Hospital." 1906 shows 418 admissions, a still greater increase.

The attending physicians have arranged and are delivering a new and fuller course of lectures to the pupil nurses. This new course has been very satisfactory, taking in as it does a wider and fuller instruction.

The manager reports that but one change has taken place in the board of managers, Mrs. Ramey resigned her position which was reluctantly accepted by the board, and Miss Laura King was elected to fill the vacancy.

Improvements during the year include the papering of parlor and dining room, the painting of the house outside and a large part of the inside, the colored ward, several rooms, halls and stairways. A new sterilizer was greatly needed and the superintendent was authorized to make the purchase. In Philadelphia she succeeded in securing one at a cost of $350.

Up-to-date appliances for the restraint of insane patients have been provided, patients that sometimes become temporarily insane during illness. Insane patients are not admitted into the Hospital. Some new surgical instruments, a damp and dust proof instrument case and medical books for the library for pupil nurses have also been purchased.

Among the acknowledgements are those from St. Paul's Church, $184.47; Christ Church, $78; Trinity Church, $71; Baptist Church, $755; Presbyterian, Church, $28.05; M. E. Church South, $27 78.

The annual report of the work done by the several Circles of King's Daughters, the Ministering Children's League, &c., is also included in the little pamphlet, showing what noble work was being done for the Alexandria Hospital.

Mr. C. C. Carlin.

William Alden Smith, of Michigan, began life as a newsboy. Today he is a United States Senator, and he is not ashamed of the fact that he began his business career as a "newsie."

Another boy who worked himself up from the ranks of the lowly to a place in the halls of Congress was Dennis Flynn, late delegate and future Senator from Oklahoma. Flynn sold newspapers on the streets of Buffalo twenty years ago, and is proud of the fact.

Now comes a third of the craft of newsvenders to the front. He is Chas. Carlin, of Alexandria, Va., the historic city which points out with pride to every visitor the Masonic lodge in which George Washington acted as Master, and the church in which the nation's paternal ancestor worshiped and in whose churchyard this nation was born.

A few weeks ago the Representative in Congress for the district in which Alexandria is situated died. Naturally there are several candidates for the seat thus made vacant, for next to Indiana Virginia produces more statesmen than any other state in the Union. But Mr. Carlin comes from Alexandria, the most historic city in the State, which has had no Congressman for many years. Mr. Carlin has something more than the mere fact that he once sold newspapers. He comes from a first-class Virginia family. His father gave up his life for the cause which Robert E. Lee led. He has developed as few young men with life advantages have developed He has won for himself a place second to none in the bar of Virginia, and he is recognized in the old commonwealth as one of the very best lawyers in the State. It is because of the fact that he is young, vigorous, clean and progressive that the voters of the Eighth Virginia will send him to Congress, and those who know him best predict for him a career equal to that of John Randolph Tucker and the other illustrious sons of the Old Dominion who have done so much to make the commonwealth which proudly boasts that she is "the mother of Presidents" the important factor she has always been in the councils of the nation.—[Washington correspondent, Troy, N. Y. Times.

Preston, secretary of the Chamber of Commerce of this city, is receiving the congratulations of his many friends and acquaintances at the unexpected good fortune he has recently experienced, A distant female relative who lived in Hartford, Conn., died intestate a few days ago, leaving a large fortune. Her wealth is to be divided among relatives and Mr. Preston will receive a substantial legacy. The beneficiary is one of our best known and most popular citizens, and all his acquaintances will rejoice with him at his unexpected good fortune.

Judge Nicol.

Governor Swanson has received and accepted Judge Nicol's resignation. He has determined to designate a judge or judges to hold the courts for Judge Nicol, and will probably name Judge L. C. Barley, of Alexandria, to fill the vacancy until the legislature appoints a judge to the place. The governor, it is said, will select a judge to hold court in the interim.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

Italy and the Vatican.

Bishop Bonomelli, of Cremona, the most liberal Italian prelate, who is a strong advocate of a reconciliation between the Quirinal and the Vatican, is visiting Rome to pay homage to the Pope. He had an audience with ex-Queen Margherita Monday and was received by the king yesterday. Heretofore the Italian bishops when in Rome refrained from association with members of the royal family. Bishop Bonomelli has, therefore, bridged the abyss separating the Vatican and the Quirinal.

Although this is not likely to cause an immediate change in the relations, the incident is regarded as significant of the altered times and of how the estrangement with France is gradually drawing the Vatican nearer to Italy, which has practically succeeded France as the protector of Catholic religious institutions in the east.

Carried Off by an Eagle.

Carried off by an eagle or snatched by kidnappers from beside a hayrack, almost under the eyes of his father, Dr. Horace K. Marvin, a wealthy cattle raiser, who recently purchased a farm in Bay Shore, Kitis Hammock, L. I., four-years-old Horace M. Marvin has disappeared. Despite the fact that the country for miles around has been scoured by detectives, deputy sheriffs, and 1,000 farmers since Monday afternoon, no trace of the child can be found. A clew was furnished by Ollie Pleasanton, a farmer, living near the Marvin farm, who said he met two strangers, apparently gunning, on Friday, who inquired closely about Dr. Marvin and his affairs. All efforts to trace the movement of these men after Pleasanton left them have failed. It is generally believed that the child was carried off by an eagle.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. If safe even for the youngest child. Sold by E. S. Denatured Alcohol.

Under the bill passed finally without the amendment of the Senate committee on finance every farmer in the country (and everybody else) can set up his free still for the manufacture of denatured alcohol without superintendence of the government. All that he has to do is to provide a still—not costing, it is stated, more than $150—and limit his output to 100 gallons or less per day. The liquor as it goes through the process of a distillation is carried in a tube to a locked steel tank of which a government agent carries the key. The tank is then sent where the contents can be converted into denatured alcohol for manufacturing and illuminating purposes.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that ths generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by E. S. Leadbeater, & Sons, druggists.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.
